

Person Names, Current

dvm, 12-13-07

To CNC members: I offer this for your consideration and comment. Some of the names can be classified in both national *and* state/local columns. Still other names can be classified in multiple categories such as civil rights *and* ethnic integration and recognition. I have cross-referenced both types of names where they seem clear. Some additional research may be necessary to determine how these names should be classified.

Classification	National	Local/state
1. Explorers/Native Americans	Jacques Marquette	Chief Black Hawk
