

Person Names, Proposed (63)

dvm, 12-04-07

To CNC members: I offer this for your consideration and comment. Some of the names can be classified in both national *and* state/local columns. Still other names can be classified in multiple categories such as civil rights *and* ethnic integration and recognition. I have cross-referenced both types of names where they seem clear. Some additional research will be necessary to determine how these names should be classified. In all cases, I welcome your comments and suggestions.

Classification	National	Local/state
1. Explorers/Native Americans		James Doty (see also #2)
