THANK YOU FOR YOUR BUSINESS

TEACHING & LEARNING COLOR PRINTING & COPYING: 2005 – 06 SCHOOL YEAR

1. Superintendent's Annual Report to the Board of Education
\$331.20 (25 color copies)

2. Literacy

- Principal's Observation Guide for Literacy (Each elementary principal has one copy. This guide is sold to other individuals, school districts, university book stores, etc. for \$25/copy.)
- Primary Literacy Notebook (Each Kindergarten, first and second grade classroom teachers and ESL teachers and special education teacher has one copy. The Notebook is sold to other individuals, school districts, university book stores, etc. for \$20/copy.)

\$877.49

3. Math

- Learning Mathematics in the Primary Grades (Each elementary principal and primary teachers including ESL and special education teachers at the primary level will have one copy. By July 1, when Chapter 10 is completed, the book will be sold to other individuals, school districts, university book stores, etc. for \$30/copy.)

\$169 (cost to replace color printer cartridges for 1,300 cover; quote from Kinko's for same quantity was \$672, and \$486 from Star Printing)

Please add the attached Follow-Up to

Tab 15 – Cost of Color Printing

Follow-up to Tab 15 – Cost of Color Printing

Follow-up Question: What would the same number of copies have cost if the printing had been B/W rather color for the following orders: 10,680 color copies for \$2670 (under Mary Teppo's name for Coakley-Tech) and 25 color copies of the Superintendent's Report to the BOE at \$331.20 (\$13.25 each)?

Response:

Coakley Tech invoicing for job was \$2,819.56 (this was for color copies)

Coakley Tech pricing for the job prepared in black/white would have been \$341.80

MMSD Printing cost to do the job would have been \$453.90 (this includes salaries at regular rate NOT OVERTIME/benefits/supplies)
