

Tab 37 - Middle School Transportation

What is the transportation cost for middle schools?

Do we have a contract with Madison Metro?

MMSD students need a bus pass, how much of the cost does this cover?

Besides the yellow bus transportation we provide to Wright and Spring Harbor, we also provide 2 busses for Fitchburg students who attend Cherokee (Madison Metro does not serve much of Fitchburg). The balance of the transportation to the Middle Schools is provided by Madison Metro.

There are two components to our costs with Metro; a subsidy payment (\$750,000 for 6-12) and Indigent Transportation (\$550,000 for 6-8). We have a contract which was signed in 1995 and renewed annually (we will provide copies in the next packet). The subsidy calculation is included as part of the contract.

Paying students pay \$125.00 per semester or \$.85 per trip for Madison Metro, Spring Harbor and Wright.
