★ Into the Book

Comprehension Series

Into the Book is a reading comprehension resource for K-4 students and teachers. The program focuses on eight research-based strategies: Using Prior Knowledge, Making Connections, Questioning, Visualizing, Inferring, Summarizing and Synthesizing. Your class can watch our engaging 15-minute videos and try the online interactive activities.

Behind the Lesson provides teachers with information and teaching resources for each strategy. Watch the 10-minute professional development videos and explore the Web site for lesson plans, video and audio clips, downloads, and more.
